

Movies and More: rlaxx TV and DAVV Productions Forge New Partnership

Kiel (Germany) November 6, 2023 – rlaxx TV, the fast-growing streaming platform, is thrilled to announce its new partnership with DAVV Productions, a renowned media production and distribution company. This collaboration introduces the new channel TierraCine to the platform, offering an excellent choice of Spanish-language movies and pure entertainment for rlaxx TV viewers. More exciting channel launches that reinforce the platform’s commitment to delivering exceptional entertainment experiences, will follow.

"We are excited to embark on this new partnership with DAVV Productions. The addition of TierraCine will elevate the entertainment experience on rlaxx TV, providing especially our Spanish-speaking users with an even wider range of special content," said Ronny Lutzi, CEO of rlaxx TV.

"DAVV Productions is thrilled to introduce our branded channel TierraCine™ to rlaxx TV", said DAVV Production’s Managing Partner Dimitry Volkov. *"Our partnership with rlaxx TV brings an exceptional collection of Spanish-language films and TV series, immersing global audiences in the beauty of Spanish cinematic storytelling."*

About DAVV Productions:

DAVV Productions, headquartered in New York, is a dynamic film and TV series distribution company with a global commitment to multicultural content. The company focuses on curating and distributing content primarily from South America, Asia, and Africa, encompassing linear channels, scripted films, documentaries, and non-scripted TV programs. Operating on a global scale, it emphasizes digital and ancillary rights to reach diverse audiences. DAVV Productions is dedicated to promoting cultural diversity and fostering a deeper understanding of our interconnected world through compelling storytelling, making it a major player in international entertainment.

About rIaxx TV:

rIaxx TV, a ZEASN group company, offers a unique streaming experience – a free, ad-supported streaming service that presents content through linear, theme-based channels from a variety of global content providers. Users can enjoy features like pause, restart, watch later, and access an on-demand library, blending the ease of linear television with the versatility of video on demand. rIaxx TV is like television, but different! The tagline captures it best: “Watch more, search less.”

rIaxx TV is currently accessible in 27 countries, including Germany, Austria, Switzerland, the UK, France, Netherlands, Denmark, Finland, Sweden, Norway, Belgium, Iceland, Luxembourg, Italy, Spain, Portugal, Poland, Turkey, Mexico, Brazil, Chile, Argentina, Colombia, Australia, New Zealand, South Africa, and Kenya.

Viewers can find rIaxx TV on most smart TVs, including brands like Samsung, LG, Panasonic, and more, as well as all TVs equipped with Whale OS. Additionally, the service is available across multiple platforms such as Amazon Fire TV, Apple TV, Roku, Xbox, iOS, Android, and a browser version, to name a few. The app can be effortlessly downloaded from the Smart TV's App Store, allowing users to start streaming without any registration. Discover a new way to watch at rIaxxtv.com.
